# ABOUT COMPANY

---

## Brief History of the Company & Journey of Growth

**BlackJet** Company for export and general supplies was founded in Cairo, Egypt, in 2018, by Mr. Salah Elsayed.

The company's business line has initially begun by exporting of Egyptian products like Cheese, Pickles, Honey, Herbs, smoked fish and other supplies to the Gulf Region (Kuwait, Bahrain and Oman) and become a trusted source for several partners and traders around the GCC.

we export premium foodstuff to our clients with high quality, customized brands/products according to our clients demands and comprehensive export service

## Mission

---

To be the premier export partner, providing exceptional quality , customized foodstuff, comprehensive export service and building long-term relationships with our partners

## Vision

---

We strive to be the forefront choice, setting trends in the Gulf market where clients' success stories are written.

# Exporting Journey

## Achievements

---

Our achievements over the past six years (2018-2023)

We exported 144 containers and reefers loaded with 3731 tons of food commodities and supplies divided as follows:

### Volume of exported Goods

- pickles are 746 tons formed 20.01% of all total exported good.
- cheeses are 681.5 tons formed 18.27% of all total exported goods.
- honey bee is 649 tons formed 17.4% of all total exported goods.
- smoked fish is 584 tons formed 15.66% of all total exported goods.
- halve is 485 tons formed 13% of all total exported goods.
- molasses is 357 tons formed 9.57% of all total exported goods.
- herbs are 130 tons formed 3.48% of all total exported goods.
- supplies is 97 tons formed 2.61% of all total exported goods.

## Objectives

---

We set our goal for 2024 to increase our export volume by 20% in total and expand our businessnetwork to obtain more partners in the GCC.

# Our Service

At **Blackjet** Company, we are working on delivering two main services that can either be utilized solely or integrated with each other in order to maximize investment benefits

## 1- Export Food Stuff and Supply Chain Management

*The Journey starts from origin to destination with sourcing quality produce or products adhering to international standards of safety and quality. Proper packaging, preservation methods, and compliance with import regulations of receiving countries are essential considerations. Blackjet continuously adapt to meet evolving partner demands, ensure product quality.*

## 2- Customization and Branding

*One of Blackjet's unique offerings is their ability to customize products under the client's brand. They provide tailored branding solutions, allowing clients to showcase their brand identity on the exported goods. This service adds value and exclusivity to the products, meeting the client's marketing and branding objectives.*

# Why is *Black Jet* the ideal choice when it comes to importing Egyptian products?

## **B2B** Foodstuff Exports to the Gulf Markets

- *Premium quality, providing the highest quality in all food stuff.*
- *Customization offer product under client tailored to his specifications.*
- *Comprehensive service, black jet is managing the entire export process from getting request to deliver products to our client's destination*
- *Cost saving, the most affordable cost in the whole journey*
- *Delivery, Commitment to agreed delivery time*
- *Flexibility, we believe in the importance of long-term partnership and accordingly we are facilitating the procedures required by our partners.*
- *Post sale customer service and following up with the clients to ensure their complete satisfaction.*

## Our contribution to the society :

**Black Jet** has a societal Arab and international contribution to combating autism syndrome. We focus in our work on exporting tools and games that help increasing sensory perception of children and show the abilities they have that enable them to increase physical and sensory interaction and muscle stimulation.

## Partners in success
